SOLVE ANY TYPE OF PUZZLE!

KEEP YOUR COOL!

★ It's easy to overthink puzzles, especially if it's a tricky one. However, the best thing you can do is keep your cool! Some problems might be trickier than others to solve, but there's always a solution. Take your time and think outside of the box!

LOOK FOR PATTERNS!

★ Keeping an eye out for clues and patterns is super-helpful. This allows you to make sense of it all and lets you see how all the parts of the puzzle interact. Once you've cracked it, you'll be one step closer to solving it!

DON'T GIVE UP!

★ Some problems might seem impossible to solve, but that's not the case at all! If you need to, take a break and try again. Solving a puzzle on your own is more rewarding than looking it up online. Think of the bigger picture and take it one step at a time!
